

More than just wood

Premium Accessories for
Perfect Installation and
Long-Lasting Beauty

Premium Tropical Pro
Maintenance Products and
Accessories.

When it comes to Tropical Black Decking and Cladding, maintenance is choice.

Tropical Black wood products can be left to weather naturally to a grey patina, or oiled to preserve the woods rich natural colors. Periodic use of Tropical Pro Cleaner, Brightener and Oil will maintain or restore Tropical Black Wood Decking and Cladding at any time.

Build with Confidence: Discover Tropical Pro™ Professional-Grade Wood Solutions.

The Tropical Pro brand is synonymous with sourcing the highest-quality and most sustainable outdoor wood products available on the market.

Our Tropical Pro professional-grade accessories have been designed to protect owner investments with the professional deck builder in mind.

SUSTAINABLE
WOOD for a sustainable
future

Tropical Black products are available certified as sustainable by the Forest Stewardship Council (155777).

When you purchase a piece of sustainable wood, you don't just have a beautiful product, you're supporting a movement that provides the health and well-being of our planet.

Tropical Black products are certified as sustainable by Legal Lumber, which is TFP's internal Due Care Chain of Custody environmental compliance program. Created to set stringent criteria for the highest sustainability standards in the lumber industry, Legal Lumber is designed to support global forest initiatives and promote environmental benefits.

Tropical Black is carefully harvested from forests where trees are selected based on their age, size, and productive potential, ensuring that young and healthy ones can continue to thrive. This mindful approach to forestry allows us to create products that not only meet your needs but also contribute to a more sustainable future.

A new era...

...in sustainable, stable and beautiful decking and cladding hardwood, **Tropical Black™** is crafted from meticulously chosen **premium architectural-grade** lumber sourced directly from nature's finest offerings.

Every piece undergoes rigorous quality and sustainability checks to earn its place in the **Tropical Black** collection. With **Tropical Black**, you're not just purchasing lumber, you're inviting the pinnacle of durable quality and sustainability into your home that has been created by nature's timeless elegance.

Premium Architectural Grade Quality

Tropical Black collection features the finest in Premium Architectural Grade hardwoods, crafted to meet the highest standards and carefully selected for their superior strength, beauty, and performance.

Timeless Beauty

Tropical Black hardwoods offer a stunning array of colors, grains, and textures, enhancing the aesthetic appeal of any project with their natural elegance.

Sustainable Sourcing

We prioritize the environment by sourcing our wood from sustainably managed forests, ensuring a lower carbon footprint.

Unmatched Durability

Each hardwood species in **Tropical Black** collection is naturally resistant to decay, insects, and harsh weather, providing a lasting investment for your outdoor spaces.

Versatile Applications

Whether for decking, cladding, or outdoor furniture, **Tropical Black** hardwoods are versatile and well-suited for a variety of high-end applications.

Fire Resistant

Class A Fire Rating

Low Maintenance

Thanks to their natural resilience, **Tropical Black** hardwoods require minimal maintenance, allowing you to enjoy their beauty with less effort over time.

20% Cooler than Composites

Safe to the touch with lower heat retention over composites, to deliver the coolest comfort for your outdoor applications
